Subject: Lane Plating CAG Steering Meeting (2nd) After-Action Report

Hi there,

I just wanted to share information regarding last night's CAG steering meeting. The meeting was attended by all but one member of the CAG, including City Councilpersons Atkins, King-Arnold and Bazaldua. During the meeting, the CAG elected via unanimous quorum two leadership positions, Allen McGill is now the CAG Chair, and Davante Peters as Secretary. The CAG also unanimously voted to officially name themselves the Lane Plating Community Advisory Group, or LPCAG for short. The CAG also began work on adopting a Mission and Vision statement, and work to create bylaws. They plan to have the Mission/Vision statement complete and ready to vote on at the next closed steering meeting on Friday Nov. 8, 2019, 6:00 – 8:00 p.m.

The two takeaways from this meeting are that the CAG does not feel confident having their first community meeting until after the holidays as some members are out of the area starting the first week of December until the new year. The CAG wants to have a full set of bylaws, including a public engagement plan, prior to that and needs to allow for lead time. The CAG is also requesting to review the final Phase One Sampling results prior to their release to the public.

If you have any further questions or need clarification, please let me know.

Thanks,

-Ed-
